The China Virus, The President and Duty

by Calvin Johnson

It does not come as a total surprise that President Trump has contracted Covid19. The President knows the risks to this disease and so do the American people. Some people say that this is Karma and that is why the President got this disease, however I say that we all expect our President to fulfill his duty to serve the people regardless of a pandemic and the risk to himself. The President showed boldness to do his duty and did not let fear rule his actions. Just like the President, we should take some precautions, but ultimately we to have work and serve and leave the outcome in God's hands. I pray that our President and the First Lady will overcome this disease and continue to be an inspiration to us all.

Antifa Provokes Violence at Flagler College

TCCR Staff Photos

On October 3, 2020, Community Organizer, Ron Rawls and BLM Communists faced off with Local Patriots at Flagler College in historic St. Augustine, Florida.

For several hours, contentious protesters

on both sides of the issue of “Liberty or Slavery” exchanged catcalls, barbs and insults toward each other. Several hundreds of people were exchanging contempt, much in the way that the recent, so-called, “Presidential Debate” was conducted. In fact, the entire country has stopped communicating on a political level. People are only choosing sides now, according to St. Augustine Tea Party (SATP) Chairman, Lance Thate.

A few short weeks ago, a Historic 141 year old Monument was removed from its rightful place in downtown St. Augustine by a Cabal of Communists, both within City government and outside Communist agitators from Jacksonville. David Heimbold, SATP, Media Chairman, reminded the public that the Monument needs to be returned and the Cabal jailed for their heinous act, by presenting a 14 foot tall replica of the Monument to the public. The effort was cheered by the Patriots and jeered by the Communists.

Now that the Monument has been removed, Community Organizer, Rawls is back demonstrating for the removal of persons who opposed him in his effort to alter history. Namely, Mark Bailey, a Flagler College Board member. Bailey opposed the removal of the Veteran's Monument. This revengeful act against Bailey is right out of the Communist play book, Rules for Radicals. Rawls' effort had no local support.

The SATP's Town Criers report that they first encountered Rawls as he made his way from the AME Church at the Post Office. He was alone, except for a 'body guard', and he was out of uniform as he wore no mask at the time. Local blacks did not join him. His support at the college was made up of white Communist BLM women and white Flagler College students. In fact, according to the SATP Chairman, "There were more Blacks on the Patriot's side than on Rawls' side." The Patriot forces outnumbered the Rawls' demonstrators by a factor of at least 2 to 1. This is the new reality for this disruptive Community Organizer.

TCCR Staff Photos

The opposing forces occupied opposite sides of King Street in front of the entrance to Flagler College, a situation that the St. Augustine Police Department (SAPD) attempted to impose. However, there were several direct face-to-face confrontations that took place. An example is, the photograph above with Rawls being photographed from the Tea Party Jeep, which was directly in front of him, while Rawls was being flanked on both sides by patriots. You can identify patriots, because they wore no masks and they carried pro Mark Bailey signage.

At a different point in time, Rawls crossed King Street to attempt an altercation, by going into the midst of Patriots, presenting the Communist 'closed fist salute'. There were other attempts at face-to-face engagement that were prevented because of police action. The Patriot side of the equation enjoyed attendance by at least 200 people. There were those who simply wished to support Mr. Bailey without recognizing Rawls' presence. Then there were those who wished to support Mr. Bailey and understood that Rawls' challenge needed to be addressed. Also present was a substantial number of the 3 % Militia, whose primary function was that of

providing security for peaceful Bailey supporters. The 3% Militia forces have provided security for Patriots in the Historic District for over three years without incident. It is the policy of the Security force to never initiate any physical aggression. Notwithstanding, the 3% Militia policy also includes the concept of not backing down when confronted with aggression.

Antifa Violence A Breaking Story

At the writing of this article, many conflicting stories are being told. What is known is that Luis Miguel, the organizer of today's Pro Bailey event is reporting that, "Erick James McCance, 28, of Jacksonville, FL, a local armed Antifa [member] who was in Louisville and celebrates the murder of cops [was present]. [Video] footage and witness testimony suggests that patriots stopped him from firing his gun at Flagler [College] yesterday, but the police let him go and arrested the patriots instead. The media is not reporting this. Spread this info everywhere."

<https://www.facebook.com/luismiguelSJCFL/posts/636922510270139>

FB Screen Shot

TCCR reporters received word that Erick McCance shoved a firearm under Forest's body armor threatening his life. Forest, acting on his training, slammed McCance to the ground, disarming him. There are reports indicating that McCance was carrying three weapons. There is no report that he possesses a concealed carry permit. When Jamie Parham saw the struggle over the weapon, he joined in to help subdue McCance before he discharged the gun. At this point, the SAPD intervened and cuffed all three. The Antifa member, who threatens to shoot Forest, was released, by the City police. Not only was he released, but his weapons were returned to him. Adding insult to injury, the two Patriots were arrested and spent the night in jail. Both Jamie and Forest Perham were released on bail Sunday morning. There is a pattern of total corruption in the City government and the St. Augustine Police Department who continue to side with and protect BLM and Antifa.

After the above described altercation, the SAPD, along with the assistance of St. Johns County Sheriff's Department (SJCSD), declared it an unlawful assembly thereby, ending the demonstrations revolving around Mark Bailey's presence on the Flagler College Board of Directors. The SAPD again, supporting known out of town Communists, instead of the local citizens of the St. Augustine area. SAPD, Chief Fox could not be reached for comment.

"When Rawls started his attacks, some three years ago, many of today's Patriot demonstrators stood up to him back then. Three years ago they carried "Blue Lives Matter" flags. This is particularly true of the 3% Militia people. The overt support of the "Black Lives Matter Organization" by local police has changed public opinion. "Blue Lives Matter" flags are no longer seen in public demonstrations in the Historic District of St. Augustine Florida," Tea Party Chairman, Lance Thate observed.

October 15, 2020

Tea Party Excitement Lives On

Full House vs. a Straight Flush

It's great to have a nice crowd of people show up at one of our meetings, but what we really like the most are those who become active and actually engage the issues in the streets.

Well, we had a "Full House" at our last Tea Party meeting and they were a bunch of activists who, not only get involved but, don't forget the cause after the meeting is over. We were "Flushed" with very talented and active Patriots.

Photo by TCCR Staff

Tea Party Chairman, Lance Thate, opened the meeting and reported on what transpired at Flagler College on October 3, 2020, when the two Patriotic brothers were arrested and jailed by the police after being attacked by the Antifa. Then the Antifa instigator got away scot free of charges and his 3 guns were returned to him. Forest Perham reports that he was assaulted by Eric McCance, a known Antifa member. McCance threatened Perham with a fire arm, shoving it into Perham's body.

After the Chairman gave his review of what happened over the past couple weeks, Joe Ryan, an early Tea Party member and a researcher brought in a stack of books, 17 to be exact, and we were wondering if he was going to read them all. We would be there for 2 or 3 days! But no, he got them from the local public library here in town and they are recent books, all of them against Donald Trump. There were only 3 books

that were pro Trump. This is in a County, that is 80% conservative Republicans.

that is 80% conservative

Photo by TCCR Staff

Next, our featured speaker, David Geithman, who has a PhD in Economics, introduced “The Moral Apex”, the new “Marxist Propaganda”, that has been so well-received in our colleges. It states that “All Races and all Sexes are Equal” in their ability and capabilities. Dr. Geithman spoke about economic equality, equal outcome, and equality. He then addressed Capitalism versus Socialism, fatherlessness, gangs, social justice and above all, “Identity Politics”. He suggested reading, “The Road to Serfdom” and “1984”. We hope that Geithman will return and elaborate. Dr. Geithman was accompanied by his family, including Len Weeks, the former Mayor of St. Augustine, pictured.

An unscheduled and delightful personality, Dena Lynn Hunter, riveted the audience with a familiar but

TCCR Staff photo

TCCR Staff Photo

horrible incident that occurred on St George Street involving police bias. According to Hunter, her 20 year old son was on his way home from work when he was beat up by a gang of BLM followers of Pastor Ron Rawls. Hunter’s son was alone on the street due to the late hour, 10 PM, when he was assaulted.

Dena told of how the St Augustine Police Department (SAPD) was negligent and did not take care of her son after he was beaten up by a gang of black BLM hoods. The police told him that he was a big boy and he could go home. They ignored the fact that he lost a tooth and had \$2,500.00 worth of damage done to his mouth. The Police let the six attackers go free, taking the name of only one of the attackers. When Dena asked the SAPD for a copy of the incident report they gave her two pages. Lacking essential material information, Dena revealed to the SAPD that she was going to attend our Tea Party meeting and expose the occurrence. [Police Chief Fox has revealed that he monitors this publication Ed.] She then was able to get the full report which consisted of 11 pages that described the entire incident. It is well known that the police always side with BLM, Antifa and the race baiter Rawls. Chief Fox is under the direct control of the City Manager, John Regan, who sets the pace of Rawls’ criminal activity.

TCCR Staff Photo

The public is getting exasperated with the unprofessional and uncertified group of clowns that are running the SAPD.

Biden is the President...

What a Riot That Will Be!

The only way to prevent violent mobs from coming to your neighborhoods is to reelect President Trump. Not because he's a great guy, but because he will keep you safe. We will explain.

FB Screenshot

There is a video from the "Moms for Safe Neighborhoods" [called "Biden & Harris: You are not safe with them"](#). The video shows what could happen if police are defunded and mobs are left to roam your neighborhoods.

Biden will redirect funds from the police and has compromised our security with his corrupt dealings. However, the real danger posed by a President Biden is all the forces that the Communists have unleashed to get him elected and get rid of Trump.

It is hard to explain why Trump was so hated from the beginning. But, the meeting with Obama and Biden to launch the Russian Collusion hoax was in early January 2016, before Trump was inaugurated.

Since then the left which includes Democrats, the "Mainstream Media", "Big Tech" and heavily funded non-profits have been on a never-ending campaign to accuse, attack, smear, delegitimize, investigate, and impeach Trump.

So, you may wonder what all this has to do with my family's safety. It is because part of the anti-Trump plan was to activate groups like Antifa and BLM to carry out their plans.

The Marxist resistance group, Indivisibles', plan spells out how to activate and radicalize loosely organized groups to oppose the Trump agenda. Furthermore, the "Transition Integrity Project", specifically created for this election, calls for activating "foot soldiers" in a contested election.

Antifa is especially dangerous because they call for violence against fascist and racists. If you are white, you are a racist and if you disagree with them you're a fascist. They also believe that destruction of property is acceptable and not violence in their "Political Correct" dialog.

Marxists have excused riots, where rioters burn down businesses and beat up and murder people, in terms of "mostly peaceful". Vice Presidential candidate, Kamala Harris, said, "The mostly peaceful protests are not going to stop after Election Day, they're not going to let up and they should not." Was it a threat or a promise? Harris has promoted a fund to bail out rioters and said her administration will leave no stone unturned to seek vengeance on Trump supporters.

Is it reasonable to believe that a Biden-Harris administration will keep you safe from the same mobs which they promote and protect? Will the Communists even try to close the Pandora's Box they opened by funding, radicalizing and activating groups like Antifa and BLM? These groups share the radical idea that our nation is fundamentally flawed and must be torn down. Never mind they have no plan to replace it. They are primarily anarchist after all.

Steve Deace summed this up on his 10/07/2020 show:

"THERE'S A LOT OF PEOPLE LIVING IN SUBURBS THAT THINK IF YOU JUST GET RID OF DONALD TRUMP THE MEDIA WON'T BE AS BIASED, THE LEFT WON'T BE AS RADICALIZED AND WE WILL JUST RETURN TO SOME KIND OF NORMAL. THE EXACT OPPOSITE OF THAT IS TRUE. WHATEVER YOU INCENTIVIZE, YOU ALWAYS GET MORE OF AND THE LEFT AND ITS MEDIA WILL BE INCENTIVIZED THAT INSURGENCY WORKS. THE DEMOCRATIC PARTY THOUGHT IT COULD, CYNICALLY, HARNESS THIS ENERGY OF THESE LEFTISTS IN ORDER TO USE THEM TO OBTAIN POLITICAL POWER. PROGRESSIVISM IS NOT A POLITICAL IDEOLOGY, IT IS A RELIGION. SUCH A RADICALIZED RELIGION CANNOT BE CONTAINED. IT CAN ONLY BE DEFEATED OR IT WILL SWEEP ACROSS THE COUNTRYSIDE. IF YOU DO NOT DEFEAT SUCH MOVEMENTS PEACEFULLY AT THE BALLOT BOX, REST ASSURED YOU WILL BE FORCED TO CONFRONT THEM ELSEWHERE. BECAUSE THEY DON'T STOP, THEY DON'T EVER STOP, THEY CAN'T STOP ON THEIR OWN."

There will be no peace until they are defeated at the ballot box. There will be no peace until they are. A Trump landslide will be the most peaceful in the end. Because the left is after you and Trump is just standing in their way.

A Simple Truth

The Constitution's primary function is to promote individual liberty. Our founders believed that decentralized power was essential to preserving individual liberty. To assure adherence to the values expressed in the concept of individual liberty, the Constitution specifically requires an oath of allegiance to the Constitution by all elected officials, the governmental employees and the military.

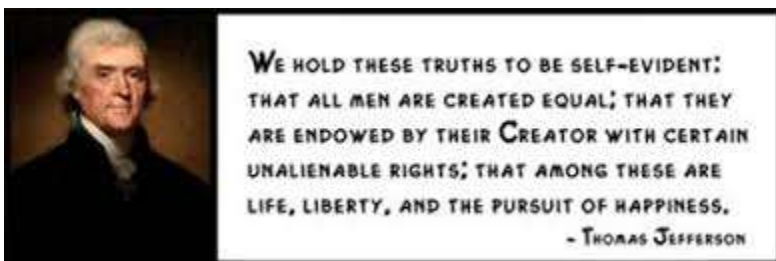

FB Image

The Constitution is the supreme law of the land. The laws politicians create exist only if they comply with the dictates of the Constitution. The Constitution by its design limits government. Therefore there are few, if any, politicians that administer their duties at federal level that are lawful. If we adhere to the Constitution no progressive, better described as communist, could not hold office or be employed in government because the very nature of the agenda they promote violates their required constitutional oath of allegiance. Those in government are required to pledge an oath to preserve, protect and defend the Constitution against all enemies foreign and domestic without any reservations. That would disqualify nearly everyone in Washington DC and in most State Houses. In fact it would disqualify most politicians in the current political parties from seeking office.

Will this simple truth be applied anytime soon? Probably not, but it is indicative as to how far we have moved from the document that assures individual liberty.

Changing Minds

If you Believe the Polls

Here are Tips for Changing Biden Voters

We recently published Biden is President? What a riot that will Be! And shared the video "[Biden & Harris: You are not safe with them](#)". That video was the jumping off point for explaining that the violence and the riots will continue no matter who wins. We also attempted to make the case that reelecting President Trump is the only way to keep the riots from spreading into your neighborhood.

FB Image

This year Trump is way behind in the polls with suburban women. Apparently, a lot of them think Trump is rude, arrogant, and un-presidential.

We need to talk to these women and anyone else and ask them to put their emotions aside for a minute and think about the safety of their sons, daughters, grandsons, granddaughters, nieces and nephews, wives and husbands.

People who vote for Biden because they think he is nice and Trump is mean should be asked some very simple questions. Questions like why they are voting for Biden when he will not keep us safe.

Since you will be talking with friends relatives and neighbors, you must not try to argue with them. You are not trying to own your opponent; you are trying to persuade them.

When speaking to an open-minded individual that has a misguided belief is misguided simply try using the Socratic Method. Below is a summary of the Socratic Method from The [Life lessons](#) web site.

State your belief in simple words and without arguments.

Ask open-ended questions, do not interrupt or try to fill the silence or offer help or suggestions.

Listen intently to what the other person says and doesn't say. Notice if they answer your question vs. simply reacting to it, or if they start answering a different question.

Always ask follow-up questions and continue to unpack the belief deeper and deeper one layer after another, uncovering the assumptions, beliefs, evidence, reasons etc. used to support it.

Ask the other person to clarify if something isn't clear to you, or if you don't understand something.

Respectfully point out any contradictions, counterexamples, exceptions to the rule, inconsistencies etc. to get their thoughts.

Repeat back their words so they can hear what they're saying, as a way to let them hear their own confusion or mistakes.

Paraphrase and summarize their words out loud so you're both on the same page.

An example of the Socratic Method at work, please watch the video [I was voting for Biden but this changed my mind to Trump](#).

In the video no names are given so I will call the questioner "Socrates" and the questioned person "Dude"

Socrates starts by asking Dude who are you voting for? When Dude says Biden, Socrates asks Dude the open-ended question "Why". He waits for the answer, and then continues to ask clarifying questions until the only answer that Dude will give is that, he thinks Biden will do a better job. Then Socrates asks the clarifying question "What has Biden done in 47 years?"

When Dude cannot answer that question Socrates starts a long list of what Biden has done that worked against blacks.

Although this is video of a one-on-one conversation, it has over 3,000,000 views and over 299, 000 likes. You are persuading one person, and everyone they will persuade.

Do not waste your time on someone who is an ideologue unless there are other people around that you can persuade by the discussion. You are not trying to humiliate people, just convince them, or at least plant a seed in their minds.

Remember, you are telling people something they may not know. Keep in mind if you revived your information the same way they do you might think like them as well. Be kind and do them a favor by preventing them from doing something that will hurt them and their family.

Do not go down the road of defending Trump or attacking Biden unless it proves your point. Do not argue personalities but do point out the stark differences in policies. Trumps policies lead to a continuation of our Constitutional Republic. Biden is a Trojan horse for a radical leftist agenda, which has never worked in all of history. That is what is at stake with this election.

October 30, 2020

Chairman's Report

A report delivered at SATP

Meeting on October 27, 2020

Here we are, one week from a Presidential Election. Everybody agrees that this is the most important election of their lifetimes. To each, regardless of age, the significance of the election looms on the horizon. We are going to determine the fate of our nation and our Republic next Tuesday.

This election is no partisan game. This one is for real. This event, this election, this decision has been a long time in the making. This Tea Party has had a very unique opportunity in the drama that is about to unfold. And this has made me feel a bit nostalgic.

On October 31, 2011, we mailed the first issue of our Town Crier report to about 80 people. Embodied in Volume 1 Issue 1 were the words that have been in every issue published since. Each issue closes with the following:

There is a revolution going on. Come join the counter-revolution. Stand up for individual Liberty. We are a small Committee with many tasks to do to preserve Liberty. We are blessed to see the awaking of America first hand. Come join us.

Coupled with this statement is a red banner which explains the nature of Socialism. The Goal of Socialism is Communism. The banner first appeared in our publication on June 30, 2013. In that issue there are pictures of Yvonne holding a homemade sign stating "I'd trust the Godfather before I'd trust the IRS". More important there are numerous pictures of the public holding Yvonne's sign and other Politically Incorrect signs attacking the IRS.

As you will recall, at the time, the Tea Party movement was under attack by Obama's Internal Revenue Service. At the same time, Republican Globalist Carl Rove had begun his attack on the Tea Party. The same forces that were attacking the Tea Party in 2013 are the forces that attack Trump today.

The June 2013 issue opened with the headline "Tea Party Right All Along..." We were right back then and we are right today, because we search for the truth.

Photo by TCCR Staff

Long before Fox News started their focus groups our Town Criers were on the streets doing their own version of focus groups. Those focus groups expanded with the St George Street Poll which has been far more accurate in predicting political outcomes than the media polls. And long before Rush Limbaugh would use the "C Word", Communist, our Town Criers were identifying Obama as a Communist. We started carrying Signs that called Obama a Communist. The public loved it. Joe Biden saw us in action with the sign when he visited St. Augustine during the 2012 election.

Back then, Timid Republicans would try to scold us, laboring under the illusion that Tea Parties were Republican identities, saying, "You're not doing us, meaning the GOP, any good with that sign". Well that was not our intent. We seek truth. Or they would say, "Well, maybe a Socialist, but never a Communist". We carried those signs until Obama left office. We tried to stop, but the signs were just too popular. The public loved to get in Obama's face displaying the signs. In 2016 upon encountering the "Obama is a Communist" sign, the public would respond with, "And an Islamist as well."

We saw the awaking of America. We were truly blessed. The awaking is recorded with 1000's and 1000's of photos of the public displaying our signs and over 500,000 words in narrative describing whose eventful days. All of these activities are on the internet for ever and archived on our Website.

But the days of distributing pocket editions of the Constitution and handing out small American Flags to the children are over. Those were the days when a Town Crier was just as likely to be woman dressed in period clothes with little colonial bonnets. Male counter parts wore appropriate colonial attire complete with tri-corner hats.

We witnessed the awaking of America. We foresaw the Trump phenomena. But we never received national media recognition, because the national media is not interested in the TRUTH.

However, we did receive the public's admiration and love. There is a picture of me, in that fateful June issue of a woman half my age kissing me on the cheek. The expression on my face is a shocked smile. The headline of the article was "Love is in the Air..." She was so moved by the presence of the Tea Party in the historic district that she kissed this old fossil. I can assure you that no Communist was ever received with such affection. The public has never lost its affection for the Tea Party because we never betrayed them. The same cannot be said of the two political parties.

The gentle days of the public's affection is suffering as fear grips the nation. And in St Augustine that fear is being perpetuated by the use of intimidation and the assault on the First Amendment by the St. Augustine Police Department. The right to peaceful assembly has been increasingly denied by the police as they put up police barriers and use threats of arrests against patriots. At the same time, the Police give the Communists free run and support within the historic district. This month an assault with a deadly weapon by an Antifa member against a patriot resulted in the Antifa member being released and the patriot jailed. This incident did not involve a Tea Party member, but it reflects clearly the changing environment in the streets. It occurred at

the Flagler College protests which were organized by Ron Rawls. And then there was a young man returning from work, on St George Street, at a late hour that was attacked by a gang of racial motivated thugs who have been linked to community organizer Ron Rawls. The St. Augustine Police Department refused to address the issue equitably.

As the darkness of winter descends upon the nation, the Communists are plotting to steal the election in that darkness. We know this because they are projecting this behavior on Trump. They projected Russian collusion on Trump, when in fact it was the Clinton and the Biden families that were colluding with the Russians. It's what the communists do. They project their behavior, to deflect detection, onto their enemies.

Their plan is to steal the election by counting the vote until they get the numbers they need. The mail in ballots will be fertile ground for theft. It's why the Biden campaign is not campaigning. There are four scenarios that the left has contingency plans for. Biden wins big. Biden wins with a small margin. Trump wins with a small margin. And finely, Trump wins big.

The powers that be have already determined Biden and Harris cannot win the election. The most likely outcome will be a huge Trump victory. There are massive Trump rallies across the country. There are huge rallies with Trump present or not. Huge rallies with the enthusiasm of the Tea Party's rallies of old. It's the same movement. The enthusiasm is visible everywhere, except in the media.

The contingency plan by the left for a massive Trump victory is mass violence in the streets. In 2016 the day after Trump's inauguration 1500 Communist descended upon the historic district here in St. Augustine. Patriot forces were caught completely off guard. Today is different... there are about 200 left wing organizations ready to spring into action. The extent of their mobilization is unknown. The extent of patriot mobilization is also unknown. Suffice it to say January 2021 will be a month of great uncertainty.

This open meeting could well be the last meeting of this Tea Party forever. Let me repeat, the last meeting of this Tea Party FOREVER. Let me explain why. Normally, during election years this Tea Party has shut down between the election night and the 2nd Tuesday of the following January. Often our regular scheduled 2nd Tuesday meeting is on election night. Then the 4th Tuesday of November is always bumping up against the Thanksgiving celebration. And the December meetings give way the Christmas celebrations. So we shut down during the period and rest from the election efforts.

Our normally scheduled meeting this holiday season is January 12, 2021. However, we could be in a full scale Constitutional crisis in January with violence in the streets. It is what the Communists are working on and they control the Democrat Party. During these extraordinary times, perhaps resting after the elections should be reconsidered.

Though this is not a business meeting and there are people here who are not eligible to vote, the Chair will schedule meetings based on the general consensus of those present tonight. [Polling took place for the 2nd

and 4th Tuesday dates during the holiday season] I will take your responses in consideration when scheduling ongoing meetings, subject to future developments.

I want to be wrong on the prediction I made tonight. I want an election that produces results that leads to an orderly transition of power. I want an orderly transition to a second term for Trump or a peaceful transfer of power to Biden. But what we want and what we get are not necessarily the same. It's only prudent that we prepare for the worst.
