A Tale of Two Insurrection Days

TCCR Staff Photos

A Divided Nation Exposed in Nation's Oldest City

On January 6, 2022, across numerous cities and in Washington DC, patriots assembled to protest the Justice Department's unconstitutional detention of political prisoners. To date, 706 patriots are being persecuted. The scheduled events were barely mentioned by the mainstream media.

On January 6, 2020, over a million people peacefully assembled in Washington, DC to protest the stolen Presidential election. What happened at the Capitol building on January 6 was staged by those determined to remove Trump from the political scene. The real insurrection took place in the early morning hours of November 4, 2020, when the election was manipulated into a fraudulent victory for Biden in the major metropolitan areas of America.

A group of individuals, known as the "North Florida Patriots", organized the demonstration in the Nation's Oldest City, St. Augustine, Florida. The purpose of the demonstration was to demonstrate support for political prisoners held in the DC jail. The demonstration was held in the Historic District's "Plaza de la Constitucion". The "Justice for J6" rally was attended by hundreds of people from groups such as the St Augustine Tea Party (SATP), Three Percenters, Proud Boys, John Birch Society, Oathkeepers and the general public. The media often refers to these organizations as the "Radical Right". However, the truth of the matter is that they

represent the concept of equal justice under the law and Constitutional governance. These are values that Americans have held sacred since the inception of the American Republic.

In response to the promotional efforts of the 'Justice for J6' event, local Communists organized an event, starting just prior to the rally in the Plaza, at the "Castillo de San Marcos", pictured above. The Communists, this time using the name, "Blue Guardians of Democracy", promoted the idea that the prisoners in the DC jail are traitors. A narrative that mainstream media promotes. According to the Town Crier Committee Chairman, Lance Thate, the local Communists have been demonstrating in the Historic District for the last 10 years under a variety of different names. [Town Criers are a Committee of the SATP Ed.] Their events tend to be small and without public support. However, the local outlet for Pravda, The St. Augustine Record

Newspaper, often provides print media coverage for the Communists. Sheldon Gardner's piece in the record, for the recent event, suggested that there were substantial numbers for Communists and only a few dozen for the Patriots. This disinformation has been going on for a long time. One of the first rallies of the Tea Party occurred at the Castillo de San Marcos in 2009. It was reported by The Record, as a Fair Tax rally with 300 attending, when in fact, over 2000 attended and it was a Tea Party event. Gardner's article appeared to be covering a local event. It was in fact a vehicle to promote the national insurrection day agenda from the Communist point of view.

St. Augustine has been a hotbed of political activism in the Historic District since 2009. Town Criers found local Communists to be obnoxious but for the most part, non-violent. That changed several years ago when outside agitators began appearing. Members of the North Florida Patriots group were apprehensive about the January 6th rally in the Plaza. Accordingly, 3%ers, in their traditional defensive combat attire, were present as security for the patriot's rally. The St. Augustine Police Department maintained a low profile. The evening was completely peaceful.

Town Crier reporters covered both events. The Blue Guardians of Democracy's event was an isolated, private event on the grounds of the Castillo de San Marcos. Private because the public did not join them. The North Florida Patriots event was open and present everywhere in the Historic District. There was a march up St. George Street. The patriot cause totally dominated the street. The return march, to the Plaza down the

“Bayfront”, engaged those dining along the Bayfront outdoor dining facilities. There was a candlelight vigil in the Plaza and the singing of the National Anthem as the prisoners in the DC jail do every night at 9 PM. The patriot cause was everywhere.

An interview with the Field Coordinator for the John Birch Society, Michael Sabga, revealed that there is an explosion of patriot activity in South Florida. Particularly, the Cubans in Broward County. Many of the Cubans have already lost one country they are not prepared to lose another country to the Communists. Mr. Sabga was present at the Justice for the ‘J6 event’ in St. Augustine.

As the event started to wind down, two veteran Town Criers, Lance Thate and David Heimbold proceeded to leave the Plaza. A woman sitting on a bench engaged them with the comment, “You guys demonstrate here on a regular basis. I saw you several times on St. George Street. The first time I saw you, you made my day. Your presence gave me the strength to continue the cause.”

Heimbold commented, saying, “Lance, that makes the years with the Town Criers worthwhile. We did our part.”

The Nation’s divide is clear. The Communists are enthusiastic in declaring any opposition as terrorists and are completely comfortable incarcerating people without due process. The patriot cause sees these Americans in DC, the prisoners, as Heroes. There is no compromise here. And only one side can win. Troubling times are ahead.

Persecution begins:

Dear Ms Lunelle,

The Commander of the Sons of Confederate Veterans in the name sake County (Lee) in the City of Ft. Myers, Florida , in his desire to do the right thing would call the Mayor and give him a heads up to let him know that there would be a traditional ceremony at the site where the Cenotaph to the Honorable General Robert E. Lee in downtown Ft. Myers once stood,(now with only the base standing) in honor of the birthday celebration of he and General Thomas (Stonewall) Jackson) on January 19, 2022.

The Mayors reply was that it was fine with him. And would answer that a permit was not necessary. The scalawag Mayor would shortly thereafter give the order to the City crew to take down the base of the Cenotaph, and to dig up the time capsule that was buried beneath.

An uproar of disagreement from citizens and civic organizations would follow questioning that such a thing would be done to dishonor not only the namesake of the County, but also to an American hero.

The only jubilation would come from the City Council and the NAACP President who was late for an appointment with his Parole Officer.

The carnage leveled against the Memorials to General Lee and arguably his men continues throughout the South as those who hate our people and heritage continue their new hostilities while using Southern black folk are used as their weapon of choice to justify the carnage.

These unlawful actions are disregarded and over looked by the judiciary all the way to the United States Supreme Court. For the Southern people just like in 1861, there is no rule, or equal protection under the law. And Just like in 1861, no matter the odds stacked against the Southern people, sooner or later it will provoke a response. May the Almighty God bless the honorable and patriotic people of the South!

On a lighter note, I look forward to the Lee/Jackson Celebration at the Foundry in Knoxville, Tennessee on January 22, 2022.
