## **Biden Defames Independence Hall**

Former Vice President Biden conducted his third prime-time address to the Nation on September 1, 2022 since January 20, 2021. Traveling to Philadelphia, Biden's address was delivered from Independence Hall. Those who occupy the White House dubbed the speech as "The Soul of the Nation". The dialog appealed to the Constitutional concept of "We the People" and demonstrated Patriotic values initially. American values that would have been believable if it had been delivered by a lawfully erected President with moral values and love of Country.

TCCR Staff Photo

However, coming from the likes of Biden, the address came off as nothing than more political rage directed to those Americans who identify themselves as MAGA Republicans. The real agenda could not be concealed. The prime-time speech reflects the urgency Biden places on the MAGA Republicans. The MAGA concept poses a risk to the democracy as defined by Communists.

Biden, flanked by two Marines bathed in traditional "Communist Red" as a back ground, denigrated the site where our "Founding Fathers" gave birth to the American Republic. George Washington, Thomas Jefferson and Benjamin Franklin rejected the concept of a democracy in favor of a republic in this "Haloed Room". The former Vice President, who has never created anything in his entire life, a man who's only accomplishment is that of heading the "Biden Crime Family", by contrast, reveals the true danger to the Liberty Americans have enjoyed since the founding.

# Rumble at REC Continues

## The Establishment vs Constitutional Patriots

On September 1, 2022, the St. Johns County Republican Executive Committee (REC) met at the World Golf Village Conference Center for their monthly business meeting. Since former Vice President Biden seized power, with the help of “Establishment Republicans” (RINOs) on January 20, 2021, “Patriotic Americans: are joining RECs because they feel they must do something to stop the destruction of America and there's no other place to go. The new members believe joining the GOP will provide a path to a political solution, as opposed to civil war.

In St. Johns County Florida as the numbers of reform minded Republicans grew. the monthly REC meetings become more disruptive and uncontrollable. Recent Republican Primary election activities, in August 2022, have added to the Rumble at the REC. The new precinct committeemen and committeewomen promoted grassroots candidates that the establishment Republican members would not accept, just as the Party’s leadership never accepted the Tea Party candidates at the inception of the Constitutional Patriotic movement in 2009 and 2010.

In 2022, REC RINO operatives manipulated the elections to favor their incumbent candidates, according to SJC REC member sources. The Grassroots REC members are also looking into possible election fraud as counting was stopped at critical periods of the tabulation mirroring methods used during the 2020 general election. Few Grassroots Candidates will be on the ballot in the November General Election.

The alleged election manipulation occurred in spite of the fact that RINOs are in the minority as demonstrated by a REC meeting called by the Membership on July 28, 2022. The REC’s Board canceled the August Meeting and called for a September 1, 2022 meeting with special restrictions aimed at the new members. The Special Membership Meeting, beside being a rare occurrence but a legal meeting,

demonstrated not only a quorum, but an overwhelming majority. Sufficient strength to control a monthly meeting if Robert's Rules are properly applied to Constitutional Patriot interests.

## REC Board's Way

## REC Members No Way

REC Chairman, Roy Alaimo brought forward the "RESOLUTION TO REMOVE PORNOGRAPHIC BOOKS FROM ST JOHNS COUNTY SCHOOLS". Which passed thanks to the reform minded new REC members. The meeting pretty much went sideways after that and then downhill. The Grassroots Patriots passed ten motions at a Special Membership Meeting on July 28<sup>th</sup> which addressed rule violations and other issues by "Old Guard REC Members".

FB Image

The current REC Board chose to not recognize the Membership Meeting, thereby revealing the divide and corruption within the SJC REC. Alaimo did not bring up any of the motions or resolutions passed by the Special Meeting of the REC on July 28<sup>th</sup>, except the Porno Resolution. In fact, Alaimo pretended that the Special Meeting never happened. The election of the District 1 Chair was ignored which should have been brought up regardless of the special meeting. The validation of new members was not brought up. The Chairman was about to close the new business agenda item when Joe Ryan decided to make a motion concerning James Beehive. The way Alaimo handled the Beehive. motion and then after that a Woodard motion made it apparent that Alaimo knew about the special meeting and had planned to negate it. Many of the members present allege that Jon Woodard committed a First Degree Misdemeanor when he filed a false police report during the REC March meeting and want him removed from the REC. "Twelve years of bullying is enough," a Tea Party member proclaimed.

Chairman Alaimo uses his self styled "Robert's Rules" as a weapon to deny member voices from being heard. The Chairman closed the meeting while people were standing to be heard and with a motion on the floor regarding Jon Woodard. Apparently REC Chairman, Roy Alaimo, had had enough of the Rumble. He gaveled the meeting to an end without a motion to adjourn. He was escorted out with law enforcement protection. Paid off duty law enforcement officers now appear to be a permanent presence at REC meetings. A long standing Tea Party member suggested that the meeting be "Continued" claiming many issues could be resolved. Forcing the Old Guard to follow the rules, Robert's Rules, will get more done than engaging in a Rumble... but hey, "Rumbles are Fun" especially when you're dealing with cowards.

# Do Democrats/Communists really want to take away your 2nd Amendment Right to Bear Arms?

## Ben sends:

Today I thought I would look into what all the fuss was over guns and who was behind it. The information on Mayors of cities comes from doing a general search of the mayors of the cities listed at the website below, which contains the top 65 cities in the US. regarding murder rates per capita: Of course, Communist Democrats always point at these statistics using the words, "GUN VIOLENCE!" And the answer is, "none", to the question of how much murder is associated with, "HAMMER, ICE PICK, BRICK, KNIFE, CAR, TRUCK, BASEBALL BAT, BEATING TO DEATH, POISON, HANGING ROPE, PUSHING OVER A CLIFF, STRANGULATION, etc., violence". The reason is that the New World Order is not afraid that the citizenry is going to "baseball bat violence" or "hammer violence" (oddly one of the favorite weapons of outlaw bikers) them to death, especially when they control all the guns.

TCCR Staff Photo

<https://www.cbsnews.com/pictures/murder-map-deadliest-u-s-cities/19/> Dated 2/23/22

This is the general result (without dealing with fractions of percentages) of what is probably the actual problem regarding guns in America. The short version is that we have enemies of the state, running America on all levels.

1. THE TOP 15 CITIES OF THE 65 WORST: 12 have Negro Democrat Mayors; 2 have a Caucasian Democrat Mayors (#4,9); 1 has a Republican Mayor (#14). The leaders of these cities are: 79.92% Negro

Democrats - 13.32% Caucasian Democrats - 6.66% Caucasian Republicans. Total Democrat Mayors in top 15 = 93.24%

2. THE TOP 30 CITIES OF THE 65 WORST (including the 15 above): 21 have Negro Democrat Mayors (69.93%); 7 have Caucasian Democrat Mayors (23.31%); 1 has a Republican Mayor (#14, 3.33%); 1 has an Independent (#29, 3.33%). Total Democrat Mayors in top 30 (Independent not included 3.33%): 93.24%. (Hmm...93.24%, the same as the top 15!)

In the total of 65 top MURDER PER CAPITA CITIES IN THE UNITED STATES, 58 (89.23%) are run by Democrats, 4 (6.152%) are run by Republicans (#63, 48, 45, and 14), and 3 (4.614%) are run by Independents (#50, 33, and 29). Seeing that Independents caucus with Democrats, 95.386% of the top 65 most deadly cities in America are run by these Democrat/Communist people. They are enemies of freedom, disdainful of a God other than the State, and through their duplicitous, and traitorous constant pressure to collapse the Republic, pose the most clear danger to the immediate loss of our Constitutional liberties, the very foundation of American freedom.

Do not make the mistake of convincing yourself that the information above is just happenstance. It is not. It is one small part of a plan to bring the Republic to its knees, on many fronts, at the same time. What is happening is a very well planned debacle that has traction around the world, not just in our country. Like all coins, this one only has two sides; one of darkness and the other of light. Each individual will have to choose heads or tails and muster the courage to make whatever sacrifice is necessary to defend their commitment.

Check the fact source above. Then ask the question; "Have I ever met a Communist that wanted me to be armed, shared common core values regarding freedom, or that I really actually liked?" Remember, these people are probably as dedicated, if not more, to their doctrine than you are to yours. Like Islam, they will not surrender. They take ground with fierce determination and equally detest retreat. Don't feel bad if you say yes to the earlier question. Everyone in the Democratic Communist Party answers yes to that question! For comradeship, you just need to join them and share their common doctrine. Don't let the fact that they will betray you, keep you, from nurturing new friendships. You will have lots of new friends; at least until you don't. Some wise person made sure that the word, "Democrat", fit the modern human party member (from Old Portuguese, demo ("demon; devil")...and...(RAT – an opportunistic cunning rodent, responsible for carrying deadly diseases). Of course, a dedicated Democrat will certainly find more palatable definitions, but they won't be more accurate.

# Illegals' Death March

By Roderick T. Beaman

Let's see if I have this straight. More than a million illegal immigrants

hiked thousands of miles on an unpaved

road through jungle heat & humidity to ford across a river to enter this country illegally.

FB Image

Along the way, they were exposed to jungle heat and humidity, multiple swarms of mosquitoes and other flying and crawling insects, possibly venomous, all of them possibly disease carrying & predatory animals, including alligator and crocodiles, looking for easy meals. Their shelters consisted of makeshift tents & blankets. Other than any food they happened to carry with them and the kindness of strangers, they would either have had to purchase or forage for it. Once they crossed the border, they had to confront the same problems.

TCCR Staff Photo

So 50 of them volunteered for Florida Gov. Ron Desantis to fly to Martha's Vineyard, a place where the temperature rarely goes above 85 and where the biggest dangers are the golf carts that vacationers use for sightseeing and liberals are up in arms over it. Funny, they made no complaints about the Biden administration welcoming those people to make those long deadly marches through Mexico and Central America. Why don't they try to hold Biden and his administration responsible for those deaths.

And, BTW, how many have there been? And how come we've not heard about them? Oh that's right! Deaths are only important if they can be blamed on Republican.
