The Communist Press in Full View

Pravda is Alive and Well in Northeast Florida

Journalism is dead according to Sean Hannity, popular host on Fox News. His focus is on the broadcast and cable media outlets. However, the New York Times and the Washington Post are not excluded. The print media, newspapers, have also lost their objectivity.

FB Image

In Northeast Florida, two newspapers were acquired in October 2017 by Gatehouse Media. The St. Augustine Record located, in the historic city of St. Augustine and the Times Union, located in Jacksonville. Both publications have a long history of progressive bias. When Morris Communications, the former owner, went about its business of producing propaganda it did so, usually, by omission. Either vital facts were omitted in a story or the story wasn't published at all. The editorial page was a disgrace.

When the march ends in St. Augustine, the Rev. Ron Rawls of St. Augustine's St. Paul A.M.E. Church invites members to join a noon "Remove Them Now" walk down St. George Street and the waterfront.
"St. Augustine has a real deep history of having a laissez-faire attitude toward systemic racism and quieting voices of oppression," Rawls said. "This fight is about removing Confederate symbols and monument, but there are a lot of things in our country that speak to generations about how they measure the worth of our black citizens."

The new owners in so-called news articles, announcing a march from Hemming Park in Jacksonville to St Augustine, took their propaganda activities a step further. In separate articles, the St. Augustine Record and the Times Union published a full-blown promotion of the event, i.e. free advertising, complete with a link to the Communist organizations promoting the event and an opportunity to donate to these radical, Marxist organizations. A sample is shown in the box to the left. Note the Occupier Jax.org link. The Occupiers have known connections to the Communist affiliations and are organized and funded by Communists.

The St. Augustine Record, on their front page, promoted the event as though it were a social event. The following is a partial quote from the Record story:

When the march ends in St. Augustine, the Rev. Ron Rawls of St. Augustine's St. Paul A.M.E. Church invites members to join a noon "Remove Them Now" walk down St. George Street and the waterfront.

"St. Augustine has a real deep history of having a laissez-faire attitude toward systemic racism and quieting voices of oppression," Rawls said. "This fight is about removing Confederate symbols and monuments, but there are a lot of things in our country that speak to generations about how they measure the worth of our black citizens."

The article concludes with, "For more information on the protest, go to OccupyJax.org."

The St. Augustine Tea Party's Town Criers have been dealing with the Occupier movement in the historic district since November of 2011. They report that these are hateful, racist people with a propensity to violence. The Occupiers have destroyed property in such places as Charlottesville, Virginia and Ferguson, Missouri as an example. Now we have the local newspaper, promoting the Occupiers by publishing a link on their front page.

In addition to St. Augustine and Jacksonville, Gatehouse Media owns Newspapers in Daytona Beach, Fort Walton Beach, Gainesville, Lakeland, Leesburg, Ocala, Panama City, Sarasota and Winter Haven in Florida and Athens, Augusta and Savannah in Georgia.

For over a century, the Communists have hidden from public view as Fabian socialists or Progressives. They applied their top down progressive tactic of a constant and incremental transformation to the Communist State. The example cited here with these two radical newspapers and others across the Country shows that they are now willing to reveal their true identity. The Fabian tortoise on display at the London School of Economics has the caption, "When I strike. I strike hard". The Fabian Socialists in Britain are known as the Progressives in America. Are the Communists about to strike?

Pravda was the official newspaper of the Communist Party in the former Soviet Union. It was a steady stream of party propaganda. Today the print media is a steady stream of noisy propaganda. They are reinforced by the video media. A free people cannot live without a responsible and free source of information. Pravda is the Russian word for 'truth'. The Communists always twist the language to perpetuate their lies. The truth in media is hard to find in America, but Pravda lives on.

Who the Hell is Running the Country?

Trump or Mueller?

There is another election going on in the Deep State. Right before your eyes! It is an election going on for the control of the Presidency of the United States. Sounds confusing, but it's not.

FB Image

Mueller, who is the challenger, is out to Guillotine the head of Donald Trump. In the process he might have the fate of Robespierre and have his own head chopped off.

Mueller is like a zombie without emotions. He is smug. He doesn't smile. He's Mr. Poker Face. But behind the poker face is a man driven to get it on with Stormy!

So driven that he invaded Trump's lawyer's office to find the phone number of Stormy. Deep down inside he's jealous of Trump. Trump always gets the girls and Mueller is furious. And, if he doesn't watch out, he will lose his head over a piece of tail! Of course Mueller is rejected because he's a zombie of a man with a mission or a devil with a mission to bring down a President. This is called sedition or treason.

A Palace coup d'état is in the process of being pulled off right before the blind Americans eyes. The American public has been so brainwashed that they don't know their left hand from the right hand just like in the days of Jonah who went to Nineveh because God said "they don't know their left hand from their right hand". Jonah needed to make Nineveh 'Great Again'. So Jonah was puked out on the beaches of Nineveh, bleached white like a ghost' and walked around Nineveh saying, "Make Nineveh Great Again." And keeps repeating the same thing, over and over to the King down to the animals and they were spared for 200 years.

Since the American people are so dumbed down that they can't even write their name in cursive, and their leaders are so Mueller-like, the Guy in the Sky chose Donald Trump to be 'The last Trump' as it were, to call the people back to 'Being Great Again'. (In other words, they had to stop their destructive behavior... to use another word, Repent!)

Will the Palace coup d'état, led by Mueller, bring destruction like Robespierre brought to France where 17,000 heads were chopped off. Even Marie Antoinette's head was dropped into a bucket.

The answer is simple. President Trump must fire and arrest and try Mueller and his gangsters, now, before it is too late. See the latest poll from St. George Street. [See April 15, 2018 Town Criers Ask the Question Ed]

This Might Become Very Interesting.....

Iran Threatens the Deep State

By John Knapp

I read this morning that some bigwig in Iran is threatening to release the names of western diplomats who were involved in Obama's Joint Comprehensive Plan of Action (JCPA), which was 'arranged' in 2015 between western nations - principally Obama - and nuclear-wanna-be Iran.

Knapp Photo

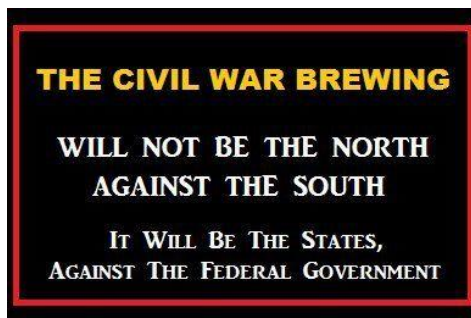

The JCPA was not an official treaty, as it was never ratified by the U.S. Senate, nor was it ever signed by anyone in Iran. So, it was basically B.S., a fraud brought to you by the former president and his underlings.

What makes this ever-the-more-interesting this morning is the aforementioned Iranian bigwig says those western diplomats took payments to set the whole thing up....which underlines questions about who authorized a cargo plane-load of U.S. currency be delivered to Iran as part of the JCPA : did any western diplomats (or higher-up officials) receive a piece of that cache, directly, or indirectly?

Granted, Iran is full of liars, but as it comes out - almost daily, lately - the upper echelons of U.S. Government have recently been occupied by strangers to the Truth, which puts it mildly.

Donald Trump should appoint more than one Special Prosecutor, to look into all those inexplicable things, left hanging, which happened during Obama's two terms in office. Perhaps President Trump should also appoint a Special Prosecutor to look into Special Prosecutor Mueller's doings. The time is right for this.

They say 'paybacks are Hell', but when a People finally lose faith in their government, what comes next?

Progressives Supporting Communists

Why not... they're cut from the Same Red Cloth

We Have Not Yet Begun To Fight

It is not time to ring your hands and throw in the towel just because Race-baiter Rawls gets a free pass by the Press, the City Police and the City Mayor to bring his mob from Jacksonville to disturb every business on St. George Street and to conduct an event at taxpayer expense in the main Plaza in the historic district of St. Augustine, Florida. After all, Black Privilege is a 'given' to every bleeding-heart liberal; an ipso facto as 'pay back' for bygone slavery, real or imagined.

Such was the case when the much heralded 3 day' Freedom March' by the black activist Ron Rawls began on May 17th. They started with about 25 people in Jacksonville which whittled down some on the other side of the Main Street Bridge. By the second day their numbers shrank to 8. The group, who had planned on camping at the British Pub on US 1 N, were then turned away from the inn, yet only to get the red carpet treatment by the City of St. Augustine and the St Augustine Police Department.

Yes, Tax Payers, the historic *Plaza de La Constitucion* was closed off to parking. Eight to ten visible City Police Officers yellow taped the area to separate the exhausted freedom marchers, all 8 of them, from the flag waving defenders of the Monuments that Rawls' mob wants to destroy. The exhausted true marchers were then joined by marchers who preferred vehicular marching to bring the total demonstrators to a grand total of 47. The march was simply a fraud. After an hour of screaming "Take Em Down" at the Slave Market, along

Photo FB Image

with drum beating and whistle blowing by the mob, the mob was then escorted out of the plaza with police protection by the City. There was no consideration for the scores of businesses being disrupted. Well, no price is too high for black reparation. No amount of food stamps, free housing, Obama phones, etc. will ever be enough.

Unless the law is enforced, the bringing in of a mob from wherever, with the banging drums and the blowing whistles, so as to disrupt the businesses on St George Street will become common. This activity was protected by the City Police as the mob ranted their war chants. All of these 'incite to riot' tactics were often expressed on Rawls' social media accounts and even on Action News where he ranted about disrupting the City Commissioner's Meetings and city businesses. These Communist tactics were first expressed by Saul Alinsky. "Educate, Agitate and Organize" are straight out of "Rules for Radicals". Yet, the Mayor and the Police Chief cover this unlawful mischief by calling it "Free Speech". They need civics lessons, their ignorance is showing.

FB Images

At one point Rawls told the St. Augustine Chief of Police that he had 5 'events' planned to get rid of the Monuments and that he was going to be 'peaceful'. They have been anything but 'peaceful'. The last two on St. George Street were calls for race riots and disruption of business with drum beating and screaming...clearly disturbing the peace. If a drunk did that he would be in jail in a heartbeat. But when a mob does it, well that's free speech. Mayor Shaver and Police Chief Fox need to get real.

The Tea Party's Town Criers has demonstrated in the historic district on over 200 occasions. Not once were the police involved. The picture on the left shows the Town Criers interacting with the public in free speech dialog. Notice the picture taking and the warm friendly smiles.

Compare this to the Rawls' behavior which deprives all from having free speech rights and the City is permitting it.

'Selma-like' March from Jax a Con Job !

FB Image

The Saint Augustine Record Newspaper's, award winning, Rev. Ron Rawls, promoted a Selma type walk from Jacksonville, Florida to St Augustine, Florida. They ended their march at the *Plaza de la Constitucion*. There to greet them was the St Augustine Tea Party's Town Criers who have been warning the public on St George Street for many years of the approaching evil tide of Socialism.

Photos by TCCR Staff

The St Augustine Record does so love the Left, that when the Indivisibles, a Communist front organization, started up, they were welcome to use the meeting room in the St. Augustine Record building. On the other hand, the Town Criers having failed to get any positive coverage from the Record these many years, decided to go over to the Record's headquarters and park in front of their main entrance. After telephoning the Record Newspaper, to get someone to come out, which they did not, the Town Criers began to attach signs (see

pictures) to their vehicles which they planned to park along the perimeter of the Plaza to greet the leftist marchers.

Little did the Town Criers know that the Plaza would be cordoned off with 'No Parking' for the entire circumference as a special welcome for the seven, yes... only 7 marchers walked into town. The other 40 of Rawls' mob, drove in. The entire "March Thing" was a publicity stunt that failed, but it was just enough to con the St Augustine Police Department. A yellow police line tape isolated the Rawls group from the patriots who surrounded the Confederate Veteran's Memorial that Ron Rawls failed to get removed. So, his Anarchists and Communists, the Occupiers, arrived to circumvent the decision and, oddly enough, they were being protected by the City Police. They even got a police escort as they later sauntered slowly up St. George Street disrupting businesses along the way, beating a pail, chanting, jumping around, and screaming like it was some tribal war dance. Inciting to Riot: " A person is guilty of inciting to riot when one urges ten or more persons to engage in tumultuous and violent conduct of a kind likely to create public alarm".

Look at this video of the so-called Reverend Ron Rawls' congregation, worshipping the war god, of all places, on St. George, who was as you may recall, the slayer of Dragons!

Publix is a ‘Soft Target’, too!

David Hogg, who experienced the trauma of being in a ‘Soft Target’ during a shooting at his school in Parkland, Florida, now wants to share his experience with Publix shoppers all across Florida. Does Hogg, the 18 year old know-it-all activist, realize that Publix food markets are also “Soft Targets”? It appears so.

Publix is a soft target, like all businesses, because they are subject to extortion. Hogg is applying basic Saul Alinsky’s tactics as outlined in “Rules for Radicals”. Hogg is “taking advantage of a crisis” to promote the Marxist goals of causing misery and the disruption of free enterprise. The boy activist is doing this by attacking the Second Amendment, by blaming Publix for supporting Adam Putnam, a Republican candidate for Governor. One hell of a stretch!

Photos by TCCR Staff

Demonstrating a coordinated effort, print media across Florida struck out against Publix. The St. Augustine Record’s headline of May 24, 2018 is an example:

“Putnam support hurting Publix... Shoppers begin to boycott grocery stores following donations to Republican candidate for governor”

The media is claiming here, damage to Publix even before any

“Die-In” protests occurred. TCCR findings revealed that some of the Publix Stores in the St. Augustine Record’s readership area were not even aware that demonstrations against them were taking place. The Record’s headline is pure propagandist disinformation.

Hogg and his followers should have been arrested for trespassing and disturbing the peace. To continue Hogg’s high school education, perhaps he should be sent off to Venezuela...to see the results of Socialism and Marxism first hand. Venezuela is now a “Communist Worker’s Paradise”. Hogg would find that everyone is poor; no food or toilet paper to wipe his ass, power interruptions, vandalism and shortages of all kinds.

Publix caved to Hogg’s demand. They stopped supporting a pro-Trump candidate and in the process, all other political donations. Hogg has proved that the Communist tactics of Alinsky still work. Escalating, Hogg has now

demanded a million dollar donation, trying to make Publix just another cash cow for the left. Hogg is a white Jesse Jackson shake down artist, nothing more. He is being played by those with far greater experience.

Publix cannot be 'non-political' and expect to win an attack by the left with this cowardly reaction. The media played a big role in this Marxist attack. Gatehouse Media, who controls numerous newspapers, 9 in Florida, would be a great place to resist. Publix could stop feeding advertising dollars to all Gatehouse Media papers. Plus, force law enforcement to do their job by pressing charges against those who disrupt business. This is the American way to fight. True Americans will stand with those who have American values.

150 years ago, Karl Marx observed that many business men and businesses will place profit before patriotism, thereby making them soft targets. In the pursuit of profit, they pay the shake-down money and they lose sight of the Marxist con, working diligently up to the day the title to their assets is transferred to the State. The incremental transformation to Communism is underway and Publix just acquiesced in the process. Publix has made itself a soft target, too. Embarrassing! Wake up and fight back, Publix, before it's too late!
